

BÉABA®

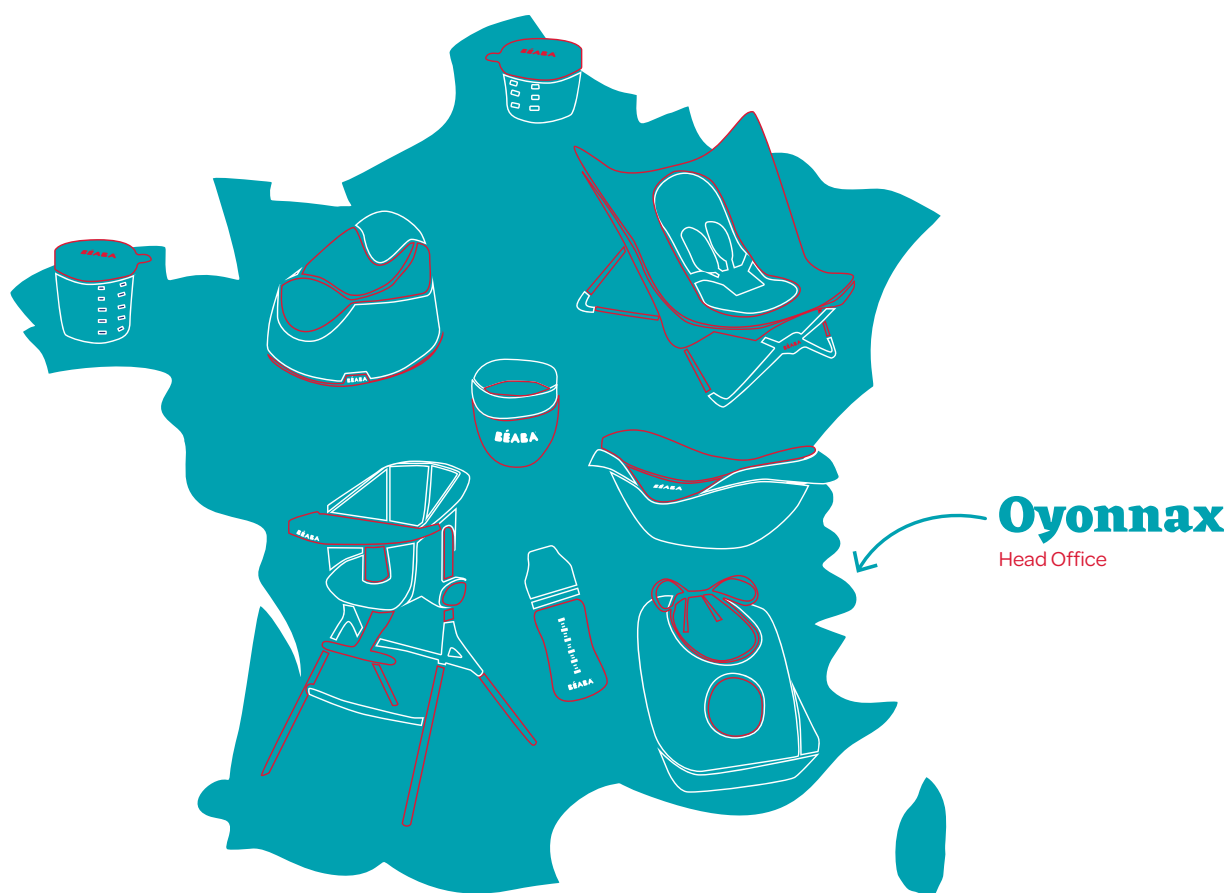

Made in France

BÉABA®

Made in France

For several years now, BÉABA has taken on the challenge of the Made In France adventure. Since then, new chapters are being imagined under the tricolor flag: our Highchair, our Toiletry range... Duralex Meal Set, and even our partners to produce, make, pack our products, and help us to fulfil our mission every day.

4 in 1 - new generation- food maker

Healthy food preparation, respecting the environment and the nutritional quality of foods.

Uniform texture of preparations and adapted to the different stages of food diversification for baby.

- › Large capacity stainless steel basket (4 x 150 gr portions / 3 x 200 gr portions) with ergonomic handle to easily transfer food at the end of the cooking cycle.
- › High quality glass bowl which does not degrade with time and preserves flavours.
- › High quality double level stainless steel blade for uniform tailored mixing (smooth, mixed, lumps, chunks).
- › Stainless steel tank with wide opening for practical access and good filling level visibility (level 1, 2, 3).
- › Soft steam modulation cooking to preserve nutritional quality of foods, to collect the right amount of cooking juice, and to limit water consumption.
- › Accessories: supplied with blending/smoothie filtre lid.
- › Care: cover, basket, lid, knife: wash by hand or dishwasher. Body of device: clean with soft damp cloth. Do not immerse.

Meal set with suction pads.

BÉABA® is matching up with the famous **DURALEX** brand to bring you the first healthy meal set for baby. The set is comprised of a glass plate, a glass bowl, and a glass beaker with a supple base. Designed to avoid any incidents, the supple base of the plate and bowl have a suction pad to adhere to the table or to the high chair tray

- › Glass tableware: healthy & hygienic material which is scratch-resistant, odourless, & stain-free.
- › Partnership with DURALEX: guarantee of quality & a 100% Made in France product.
- › Suction pad under the plate and bowl: for adhesion to the table to limit mishaps.
- › Ergonomic shape: to help baby learn to eat meals by himself.
- › The range evolves as the child grows older.
- › Care: the elements in glass can be washed by hand & are dishwasher safe (dishwasher not recommended for the supple parts).
